Despite admitting he can neither ski nor play tennis, Spanish-born artist Frank Kozik compensates for this with his work, which is always graphically compelling. Originally making his name by creating full-color silk screened posters for various legendary rock bands of the 90s, Kozik rose to the challenge of collaborating with Swatch with his usual energy and creativity: "I wanted to make the designs as clean as possible," he explains. "I like Swatch for its plastic future sense."
