Jetset Girl's taste for texture and playful design is evident in this delightful black-on-black faux damask strap with a flowing floral motif. The Irony Medium's polished steel case has a polished black bezel framing the mysterious black flower blooming in the lower right half of the sunbrushed dark grey dial. A single transparent crystal at hour four draws the eye to the centre of the flower. Mirrored metal hour and minute hands and a black seconds hand mark the time.
