Swatch Touch Blue (SURS100) watch from the Swatch Touch watches family, designed for men and women with water-resistant (30 meters / 100 feet), date, digital, alarm, stop and touch screen.

All digital Swatch Touch watches including the watch Touch Blue are made in Switzerland with the highest technology to give you a mechanism with maximum precision, each one has six functions.

The curved screen of the digital watch Touch Blue, shows the quality that is behind the phrase Swiss-made, and the color LCD shows the Arabic numbers with a large typeface that is stylish and designed to fit perfectly to the shape of the wrist. Thanks to the seamless integration of the case and strap, which is fully ergonomic, it is a pleasure to wear the watch Touch Blue.

The largest numbers of the Touch Blue screen are the seconds: animated like the second hand of an analog watch, and are constantly changing, as if they were alive. This brings pace and momentum to life in the digital age. In fact they are the "heart" of the watch. The digital numbers of the Touch Blue are displayed on a background of opaque plastic and has a silicone strap of the same color in this case blue.
