Swatch Touch Night (SURB102) watch from the Swatch Touch watches family in color black designed for men and women with water-resistant (30 meters / 100 feet), date, digital, alarm, stop, touch bi-timer and touch screen.

All digital Swatch Touch watches including the watch Touch Night are made in Switzerland with the highest technology to give you a mechanism with maximum precision, each one has six functions.

The curved screen of the digital watch Touch Night, shows the quality that is behind the phrase Swiss-made, and the color LCD shows the Arabic numbers with a large typeface that is stylish and designed to fit perfectly to the shape of the wrist. Thanks to the seamless integration of the case and strap, which is fully ergonomic, it is a pleasure to wear the watch Touch Night.

The largest numbers of the Touch Night screen are the seconds: animated like the second hand of an analog watch, and are constantly changing, as if they were alive. This brings pace and momentum to life in the digital age. In fact they are the "heart" of the watch. The digital numbers of the Touch Night are displayed on a background of opaque plastic and has a silicone strap of the same color in this case black.
